

OKLAHOMA FIREFIGHTERS BURN CAMP

The Oklahoma Firefighters Burn Camp is a summer camp provided, free of charge, for children aged 6 to 16 that have suffered major burns or disfiguring injuries at any point in their lives requiring hospitalization.

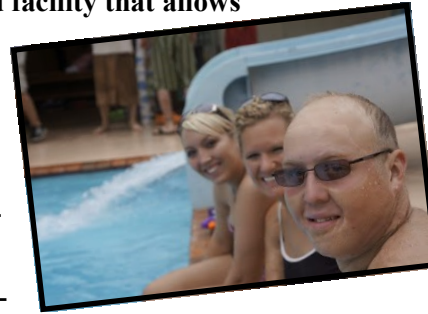

Burn Camp offers a chance for child burn survivors to make new and lasting friendships with other burn survivors, in a setting of love, support and unconditional acceptance. Adult burn survivors donate their time to show these children that their scars do not limit their ability to succeed in life and to help others.

Burn Camp is held each August at Dry Gulch USA, located between Pryor and Adair, Oklahoma, on the shores of Lake Hudson.

Dry Gulch USA is a sprawling and professionally staffed facility that allows campers to enjoy a variety of outdoor and indoor activities, including swimming, go carts, horse-back riding, bumper cars, arts and crafts, a ropes course, and fishing at nearby lakes with some of Oklahoma's top anglers, just to name a few. Campers also get to hang out with firefighters from across the state of Oklahoma!

Counselors at camp are made up of adult burn survivors, firefighters, nurses, burn techs, teachers and other professionals from all walks of life. We maintain a 2:1 camper-counselor ratio. Counselors are chosen very carefully with full background checks performed. Oklahoma Firefighters Burn Camp is a 100% volunteer, non-profit organization.

If you know of a child burn survivor that would benefit from attending Burn Camp, or if you would like more information on volun-

teering, please call (918) 857-6351, or e-mail us at okffbourncamp@gmail.com
